

# BIOSPHERE 2

## UNDER the GLASS TOUR

April 13<sup>th</sup> @ 11 am  
32540 S Biosphere Rd  
Oracle 85623

The **Under the Glass Tour** experience is perfect for visitors who truly want to explore this amazing facility, its intriguing history, and

current scientific research. With your expert guide, you will enjoy the beautiful trail system as you wander through the Rainforest, walk across the Ocean overlook, explore the Coastal Fog Desert, and travel through the underground technosphere, descending into one of the amazing ‘lungs’ – an engineering marvel – that helped moderate air pressure in the sealed B2 environment.

Biosphere 2 is located north of Tucson, Arizona at the base of the stunning Santa Catalina Mountains. This one-of-a-kind facility sits on a ridge at a cool elevation of nearly 4,000 feet and is surrounded by a magnificent natural desert preserve. See why visitors from around the globe journey here for this unique adventure not found anywhere else. Discover real-time research on the future of our planet as it unfolds in the world’s largest earth science laboratory.

**Event fees range from \$20 to \$24 – visit [DesertAdventures.org](http://DesertAdventures.org) to register & pay**

Please note that pets are not allowed inside Biosphere 2 or on the grounds. **Service pets that are trained to do specific tasks are welcome.** Do not leave pets unattended in vehicles.

After our tour, join us for lunch at Lupe’s Restaurant in Oracle Junction.
