

Western Spirit Museum of The West

Join your DA compatriots for a visual journey through the Early American West. Explore beautiful works of art featuring some of the finest examples of paintings, sculptures, and relics from our past.

Our tour will include a photo gallery featuring photos by Senator Barry Goldwater, who was one of Arizona Highways magazine's first and foremost photographers. His favorite subjects included the Grand Canyon and the Native peoples of Northern Arizona.

We will meet at 11:00 am in the museum lobby to sign in and get your ticket. Please join us for lunch at Panera Bread, 7145 E. Indian School Rd., Scottsdale, AZ 85251 following the tour. We will allow extra time after the tour to go back and spend time viewing a favorite exhibit before departing for lunch.
